Overview

This is the 24 hour NHTSA SFST Practitioner course required to be taken by every Police Officer in Texas and throughout the U.S. This essential course for any attorney handling DWI cases will show you all the insides into how police officers are trained. You will complete the training, receiving your own manual. You will have actual hands on instruction of the administration of each of the Standardized Field Sobriety Tests and will practice on fellow attendees. There will be extensive discussion of the NHTSA Manual and the original SFST validation studies. You will leave this course being more educated than any prosecutor you go up against. This program does not certify you.
