**Bio:** Lisa Gonzalez is a criminal defense attorney who practices in Fort Bend County, Texas. Lisa's practice focuses on forensic defenses relating to alcohol (DWI) and drug charges (possession, distribution, driving under the influence of drugs) as well as sexual assault cases and computer crimes. In 2018 Lisa earned the American Chemical Society (ACS) Forensic Lawyer-Scientist Designation as recognized by the Chemistry and the Law Division of the ACS, which is the highest form of scientific recognition available for lawyers. Lisa is an annual speaker for the Texas Criminal Defense Lawyers Association, where she is also a board member. When not focused on her practice, Lisa spends her time with her family (2 little girls and husband) and improving her cooking. Her favorite things are lemonade and Harry Potter (and Gin). Lisa has a knack for taking movies and TV shows and pulling gems from them to be used in trials or in trial preparation.
